- 1.3 The headings of Clauses are for ease of reference and will not affect the construction of this Agreement.
- 1.4 Anything agreed in the Commercial Terms takes priority over the terms and conditions set out in this Standard Terms and Conditions Schedule. Except as set out in this Agreement, no other terms shall apply, even where specified in the Client’s purchase order or otherwise.

2 Commencement and Duration

- 2.1 This Agreement will commence on the Services Commencement Date and will continue for the Initial Term and will renew automatically for subsequent 12 month periods or such other period as agreed in the Commercial Terms (each a “Renewal Term”) until it expires or terminates pursuant to this Agreement or until terminated by either party per the end of the Initial Term or subsequent Renewal Term on serving not less than two (2) months’ written notice to the other party.

3 Provision of hosted Application Services

- 3.1 PeopleFluent will provide the Services to the Client on the terms of this Agreement. Any locally installed applications that may be made available to the Client by PeopleFluent to be used in conjunction with the Application will be subject to separate supplier terms and will comprise third party software, for which PeopleFluent shall not be responsible.

- 3.2 The Client will promptly report to PeopleFluent all identified attempts (whether successful or not) by unauthorised persons (including unauthorised persons who are employees of the Client) either to gain access to or to interfere with the Services.
- 3.3 PeopleFluent will not be responsible for supplying any line access, hardware or any other equipment on the Client's premises.
- 3.4 PeopleFluent reserves the right at all times without prior notice to suspend the Client's access to, and/or the provision of, any of the Services for such period as is necessary to carry out emergency system maintenance, emergency upgrading, emergency testing and/or repair, but it shall endeavour to give prior notice to the Client where reasonably practicable.
- 3.5 PeopleFluent reserves the right at all times without prior notice at its sole discretion to suspend the Services (but is under no obligation to monitor) and/or to remove or refuse to host material or content where there is any content that causes harm or may in PeopleFluent's sole opinion cause harm to PeopleFluent's servers or to the provision of Services, and the Client shall not store, distribute or transmit any such content on, to or through the Application or the Services. PeopleFluent will not be liable to the Client for any loss or damage caused as a result of it suspending, removing or refusing to host material or content pursuant to this Clause. In exercising its rights under this Clause 3.5 PeopleFluent shall exercise due caution.
- 3.6 The Client will not be entitled to any form of access to PeopleFluent's servers (either read or write access), databases, software or hardware other than the access provided by and through the Application and Services itself. For the avoidance of doubt, "superuser" access to the Application and System shall solely be held by PeopleFluent, and the Client shall only be provided with Application organization level access for use by its Users. Any requested non-standard, or Client-specific, system level configurations beyond the standard Client-granted Application and System access and/or outside of the PeopleFluent provided Analytics environment, (as determined on each occasion by PeopleFluent in its sole discretion), shall require prior feasibility and technical scoping and assessment by PeopleFluent, may in PeopleFluent's sole discretion either be accepted or not, and may be subject to additional charges as agreed with the Client.
- 3.7 PeopleFluent hereby grants to the Client, on and subject to the terms and conditions of this Agreement, a non-exclusive, non-transferable licence to allow Client's authorised Users to access and use the Services solely in conjunction with the Client's production instance of NetDimensions Talent Suite and solely for the Client's legitimate business purposes and in accordance with this Agreement. The licence is granted to the Client only, and shall not be considered granted to any subsidiary or holding company of the Client. Use of the Services to generate reports shall be limited to Client's Users, but for the avoidance of doubt, all active Users authorized to access NetDimensions Talent Suite SaaS services provided to Client shall be entitled to view any reports so generated by Client's Users. The Client's Users point of access for developing reports and the said active Users' point of access for viewing the reports will be defined by the parties during any Services set-up/implementation process (which shall be subject to a separate agreement between the parties).
- 3.8 The Client shall not, and warrants that its Users shall not:
- 3.8.1 (attempt to) copy, duplicate, modify, create derivative works from or distribute all or any portion of the Application; or

- 3.8.2 (attempt to) reverse compile, disassemble, reverse engineer or otherwise reduce to human-perceivable form all or any part of the Application; or
 - 3.8.3 access all or any part of the Application or Services in order to build a product or service which competes with the Application and/or the Services; or
 - 3.8.4 save as expressly provided in Clause 3.7, use the Application or Services to provide services to third parties or attempt to obtain, or assist third parties in obtaining, access to the Application.
- 3.9 Where the Commercial Terms state that the Application is for NetDimensions Analytics Business, this hosted Application Services shall be for a shared service, meaning that the Services are delivered from one hosted instance of Client's NetDimensions Talent Suite licensed under Client's existing Software-as-a-Service Agreement, and one (multiple client) shared instance of the Application where one analytics domain will be allocated to the Services for the Client. In such case, Client acknowledges that not receiving its own separate hosted instance of the Application could mean that the security settings and performance may not be of the same standards as is the case for a separate instance of the Application.
- 3.10 All Services shall be provided in the English language.

4 Service Level Terms and Support

- 4.1 As part of the Services, PeopleFluent will provide limited maintenance and technical support as stated below and as (may be) further described in the support policies on PeopleFluent's online client pages (which PeopleFluent may in its sole discretion amend from time to time). Telephone and on-site support do not form part of the support provided hereunder. PeopleFluent will not be obliged to provide any support for any release of the NetDimensions Analytics application in use by the Client other than the release based on the most current version of *Tibco Jaspersoft Corporation's JasperReports Server* and such other releases as may be specified at its online client pages (as may be amended by PeopleFluent at its sole discretion from time to time). For the avoidance of doubt, the only support services included in standard support are as described in this Clause 4. This is PeopleFluent's standard support for NetDimensions Analytics ("Support"). PeopleFluent may provide additional technical support services to the Client upon terms and charges to be agreed.
- 4.2 Subject to Clause 4.1, limited maintenance for the Application as specified below is included as part of the Services ("Maintenance"). Maintenance includes the provision of Application software upgrades, as well as major, critical bug-fixes, patches, error corrections and enhancements (so, for the avoidance of doubt, does not apply to Client scripts, contents, reports or dashboards, or to minor and/or non-critical bug-fixes, patches, error corrections and enhancements), at no additional charge, when any of them are at PeopleFluent's sole discretion made available, without customisation, to PeopleFluent's clients generally at no additional cost, and any such upgrades, bug fixes, patches, error corrections and enhancements shall become part of the Application, the Intellectual Property Rights in which shall remain with and vest in PeopleFluent or its licensors, as applicable. Any Application or System maintenance requested and provided in addition to or separate from the Maintenance described in this Clause 4.2 will be considered professional services work and shall be subject to a separate agreement or statement of work and additional charges shall apply. For the avoidance of doubt, any upgrade related work by PeopleFluent shall also be considered professional services work and shall be subject to a separate agreement or statement of work and additional charges shall apply.

- 4.3 For the avoidance of doubt, the only included support services for the Application and the Services are as defined in this Clause 4. Any other support requests related to the Application are subject to acceptance by PeopleFluent and may require additional charges as applicable.
- 4.4 PeopleFluent reserves the right to amend the Service Level Terms at any time upon 60 days' written notice to the Client to the extent that such amendment does not have a material adverse effect on the Client. The Service Level Terms are limited to those events and service levels within PeopleFluent's commercially reasonable control and do not include events or Services/services or security failures resulting from any actions or inactions of the Client or any third parties not under PeopleFluent's direct control (including but not limited to Client or third party equipment and internet or telecommunications providers).
- 4.5 Service availability is defined as the amount of time the relevant PeopleFluent's system ("System") is available to the Client's Users and capable of performing operations, excluding Scheduled Maintenance Down Time (as defined below). Non-availability is the amount of time (excluding Scheduled Maintenance Down-Time) that the System (hence not (an) individual report(s) or dashboard) is either not available or not capable of performing operations. The Client's Application services will be available 95% of the time on a calendar year basis. Non-availability caused by the actions or inactions of the Client or Client's Users (including the Client's equipment, internet access, browsers and/or specific or non-standard Client System configurations), or as a result of non-standard iReports or dashboards, or by a point of entry other than that agreed at implementation (pursuant to Clause 3.7) will not be included when calculating the System's availability. If the Client's hosted Application Services are unavailable for five or more hours in any 24-hour period at PeopleFluent's fault, the Client will be credited with a total of one week's free Application hosting at the end of the Initial Term or applicable Renewal Term.
- 4.6 The Client accepts that PeopleFluent will require scheduled down-time periods from time to time to perform System maintenance, backup and upgrade functions for the hosted Application Services ("Scheduled Maintenance Down-Time"). Scheduled Maintenance Down-Time will usually consist of a periodic weekly three-hour maintenance window to take place at the weekend. The weekly maintenance window is required to allow PeopleFluent (or its third party contractors) to maintain and improve server or storage space and other facilities. The timing of the weekly maintenance window will be communicated in writing to the Client from time to time. Additional periods of Scheduled Maintenance Down-Time may be required by PeopleFluent to perform system maintenance, back up and upgrade functions. Such additional periods will be scheduled in advance by e-mail message or telephone call to the Client, and PeopleFluent will use its reasonable endeavours to schedule Scheduled Maintenance Down-Time at times and for periods which minimise inconvenience to the Client. The measurement for Scheduled Maintenance Down-Time is the time elapsed from when the Services become unavailable to perform operations to the time when the Services become available to perform operations again.
- 4.7 The Client may designate up to two Users as technical support contacts for the Services hereunder. Each technical support contact may document a technical support issue via PeopleFluent's customer support web-based tool (zendesk or such other tool used by PeopleFluent from time to time). Support will be provided at the times specified in this Agreement, as otherwise agreed between PeopleFluent and the Client or as may be reasonably communicated to Client by PeopleFluent from

time to time. The Client may change the technical support contacts up to twice in any year of this Agreement free of charge.

- 4.8 Client shall promptly communicate bugs or errors in relation to the Application and PeopleFluent supplied standard iReports and dashboards via email to PeopleFluent or via the web-based tools described in Clause 4.7. Subject to Clause 4.1, PeopleFluent will provide support in relation to the Application and PeopleFluent supplied standard iReports and dashboards (if any) as follows:

PRIORITY **	DESCRIPTION	INITIAL RESPONSE TIME	TARGET RESOLUTION TIME ie the timeframe in which PeopleFluent shall aim, using commercially reasonable endeavours to rectify the reported problem. This commences on receipt by PeopleFluent of the necessary information and data to enable it to replicate the error.*

** PeopleFluent shall determine in its sole discretion in which Priority category a raised ticket falls

“Initial Response Time” refers to the targeted response time by which PeopleFluent will communicate (by email, online case management system or telephone) with the Client in respect of the reported problem. It does not refer to the time in which the reported problem will be resolved by PeopleFluent.

“Target Resolution Time” refers to the time frame in which PeopleFluent shall aim, using commercially reasonable endeavours, to rectify the reported problem. Until the necessary information, data and documents are provided to PeopleFluent to enable it to reasonably assess and/or replicate the error, and/or having the Client demonstrate the error by showing PeopleFluent the error occurring on its systems, the Target Resolution Time shall not commence.

4.9 PeopleFluent will use commercially reasonable efforts to prevent unauthorised access to the Client Data, and PeopleFluent will notify the Client of any known material Services or Application security breaches or holes. The Client acknowledges that the Services and data transmitted to the Services are provided via the internet, a publicly-available computer network, and that such networks are susceptible to failure, attack and hacking.

4.10 PeopleFluent will also have no obligation to provide the Support and/or Services, where faults arise from:

4.10.1 misuse, incorrect use of or damage to the Application or Services from whatever cause (other than any act or omission by PeopleFluent or any party under its control);

4.10.2 Client's failure to maintain the necessary environmental conditions for use of the Application or Services;

4.10.3 modification to the Application or Services by any person other than PeopleFluent or any party under its control;

4.10.5 Client's operator error.

5 Client's Obligations

- 5.1 The hosted Application Services are provided subject to a maximum agreed storage space for the Custom Database and Replicated Database of 50GB for each or as otherwise specified in the Commercial Terms. Storage space for the Custom Database may only be used for storing output from the Application services. The Client will not exceed this storage space without the prior written consent of PeopleFluent and any agreed additional storage space shall be subject to paying additional charges as indicated in the Commercial Terms or as specified in PeopleFluent' then current list price, unless otherwise agreed. - 5.6 The Client will be responsible for maintaining the confidentiality of its passwords and for procuring that all Users keep their own passwords confidential. If the Client becomes aware of any unauthorised access to the Services by any person who uses

a password without the Client's or PeopleFluent's authorisation, the Client will immediately notify PeopleFluent and disable such password.

- 5.7 Where the Client wishes to dispute an invoice or part of an invoice it will do so as soon as reasonably practicable and in any event within 15 working days of issuance of the applicable invoice.

PeopleFluent will use commercially reasonable efforts to remedy any breach of security or unauthorized access. PeopleFluent reserves the right to suspend access to the Services in the event of a suspected or actual security breach.

In the defence or settlement of any claim, PeopleFluent will, at its own cost and sole option, either obtain the right for the Client to continue using the Services, or replace or modify the Services so that they are no longer infringing, or terminate this Agreement and reimburse the Client for the charges paid under this Agreement without any additional liability to the Client.
